

BEYOND THE BUILD

Our commitment goes beyond the project completion. We actively support our clients.

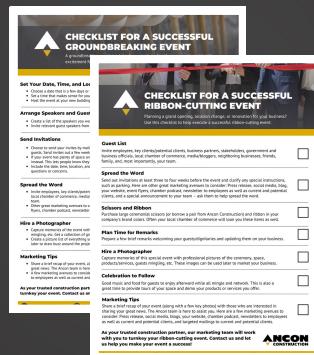

SOCIAL MEDIA

DRONE CAPABILITIES

TURNKEY GROUNDBREAKING & RIBBON CUTTING

Ancon Construction will create social media posts about the project's progress including pictures or videos to keep the community up to date

With the utilization of drone technology, we can capture aerial imagery and video that can be used on social media, websites, etc.

Groundbreaking and ribbon-cutting events are an essential part of any business launch, grand opening or refresh. It's an opportunity to celebrate your success and build a strong foundation for your business. Ancon can help you with seamless event experiences.

PROFESSIONAL PHOTOGRAPHY

ANCON BUILDING SERVICES

Ancon Construction is delighted to provide professional photography services for your completed project, which you can utilize across your social media platforms, website, marketing materials, and more. This service holds a value exceeding \$2000.

Ancon Building Services (ABS), the dedicated small projects division of Ancon Construction, is your post-construction partner. Even after your building is complete, ABS remains committed to assisting with any maintenance, repair, or additional small projects, protecting your building, and protecting your investment.
