

# Find a Dentist

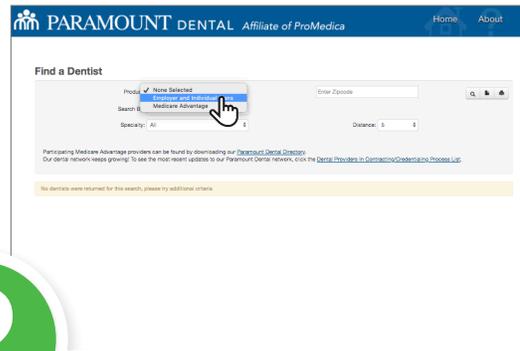

## How to find an in-network Paramount Dental provider

1

Go to <https://www.insuringsmiles.com>.

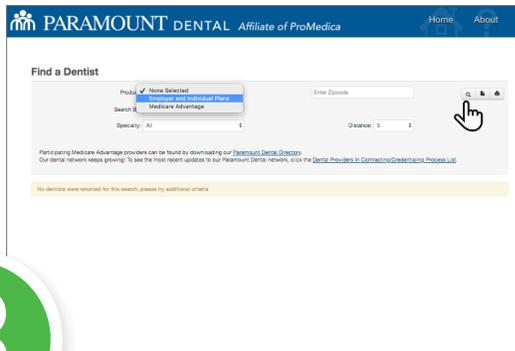

Select 'Find a Dentist' on the homepage. Or, select "Members" from the top navigation and look for "Find a Dentist" in the dropdown menu.

2

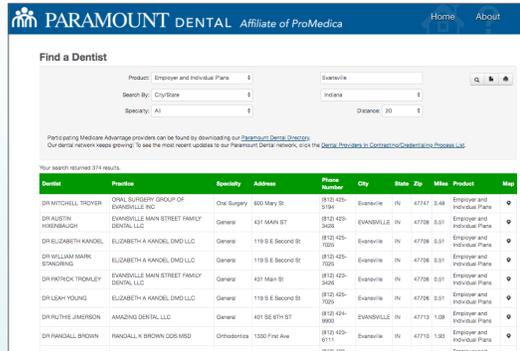

Select your product.

If you have a dental plan through your employer or an individual dental plan, select "Employer and Individual Plans".

3

Enter your desired search criteria including zip code, city/state or provider last name. You can also search by dental specialty including oral surgery, pediatrics and periodontics. Click the search icon when you have completed all fields.

- Each search result includes dentist name, practice name, specialty, location and contact information and a link to directions to the office.
- The Paramount Dental directory is updated daily. Using the online directory ensures you have the most up-to-date and accurate information.
